For each theory paper 15 marks are given for the test and 5 marks for assignment and another 5 marks for seminar in the internal assessment. Out of the three internal tests, the best two are considered for the internal assessment.

- Centralised internal tests are conducted.
- The university conducts examination at the end of each semester,
- Practical examinations are conducted for science students by the end of each semester.
- For the Environmental Studies, the students are taken to suitable places on a field trip and they make a detailed study and they are asked to submit a project report, based on their study; marks are allotted for their project work.
- The PG students undertake individual project work. They are evaluated by the external examiners by conducting Viva Voce.
