

2021-2022

ASSOCIATION MEETING

DATE : 28.03.2022 (Monday)

CHIEF GUEST : Dr.P.Kalimuthu, M.Sc., Ph.D.,

Assistant Professor,

Department of Chemistry,

Gandhigram Rural Institute,

Gandhigram,

Dindigul.

TOPIC : UG – Career guidance for UG Chemistry students.

PG – Advances in solar water splitting.

On 28.03.2022, our Department conducted an Association Meeting for our UG & PG students. Dr.M.Dhanalakshmi, Head of the Department of Chemistry Welcomes the gathering. Dr. D. Lakshmi, Principal of our college delivered Presidential Address. This meeting was conducted in two sessions. In the First Session, Our Chief Guest, **Dr.P.Kalimuthu, Assistant Professor, Department of Chemistry, Gandhigram Rural Institute, Gandhigram, Dindigul** clearly explained the importance of Chemistry and various career opportunities available for Chemistry Graduates. Our students got clear ideas regarding their future plan. In the Second session, he gave an inspiring lecture about the basics of solar energy and the Chemistry behind the nature. From this programme, our students got ideas about the uses and advances of solar energy in water splitting and also about the career opportunities in various fields.
