

2015-2016

UGC SPONSORED STATE LEVEL WORKSHOP

DATE: 22.02.2016

CHIEF GUESTS: 1. Dr. S. Murugan (Retd)

Head, Department Of Chemistry

S.T.Hindu College, Kodaikanal.

2. Dr. A. Jeya Rajendran

Assistant Professor of Chemistry

Loyola College, Chennai.

3. Mrs. D. Renuga

Assistant Professor of Chemistry

Sri Meenakshi Government Arts College for Women, Madurai.

CLASS: UG and PG Chemistry

TOPIC: MICROSCALE EXPERIMENTS

Our Chemistry Department conducted a state level workshop on 22.2.2016. Initially our chief guest Dr. S. Murugan (Rtd), Head, Department of Chemistry, S.T. Hindu College, Nagercoil gave a lecture on the topic "Micro scale Experiments". Then he gave a practical demonstration regarding minimum usage of chemicals. He also explained the advantages of using eco-friendly chemical researches. Students eagerly attended the session and learnt a new approach of research and practices.

Next our chief guest Dr. A. Jeya Rajendran, Assistant Professor of Chemistry, Loyola College, Chennai demonstrated some chemical experiments using minimum quantity of chemicals and she also guided our students to do the practical in minimum period of time. Students and staff members were enthusiastically observed the demonstration and learnt the new methods of micro scale experiments.

Finally a brief lecture was given by our chief guest Mrs. D. Renuga, Assistant Professor of Chemistry, Sri Meenakshi Government Arts College for Women, Madurai on the topic 'Micro scale Experiments'. She explained the need for the minimum usage of chemicals for analysis. She cleared our doubts about chemical minimization and green chemistry. This session was very useful for us and future researchers.
