

## ASSOCIATION MEETING

**DATE:** 05.02.2016

**CHIEF GUEST:** Dr.Jose Kavitha M.Sc., Ph.D.

Assistant Professor & Head I/C

Department Of Chemistry

Mother Teresa Women's University, Kodaikanal.

**Topic:** UG - MOLECULAR TO MEDICINE

PG - METAL BASED DRUGS

On 05.02.2016, we conducted Chemistry Association Meeting for the benefit of our UG & PG students. An excellent motivation was given by our chief guest Dr.Jose Kavitha M.Sc., Ph.D., Assistant Professor & Head I/C, Department Of Chemistry, Mother Teresa Women's University, Kodaikanal to our students. For UG students she gave a lecture on 'Molecular to Medicine' and for PG students a lecture on 'Metal based Drugs'. In Chemistry, students were called as 'molecular architects' in the aspect of creating lifesaving drugs. The students were further exposed to pharmacological invitro and invivo studies also. Both sessions were informative and beneficial to our students.
