

EXTENSION ACTIVITY (2022-2023)

1. PREPARATION OF WASHING GEL AND SOAP OIL

On 17.02.2023 the Department of Chemistry has organized an extension activity programme at Kasthurinayakkanpatti, Periyakottai (Po), Dindigul. The extension activity was done mainly to create awareness among the women community about self employment and entrepreneurship. In that programme 25 students of III B.Sc Chemistry, three staff and two lab assistants were actively involved.

The Head of the Department invited the gathering. The students gave demonstration on the preparation of washing gel and soap oil. The procedural steps were cleanly explained. The list of raw materials was given to the women for their future reference and usage. The cost of purchase of chemicals and profit in the manufacture of gel and soap oil was elaborated. The participants were benefited and excited to know the profit. The students motivated the participants to prepare for their own home needs and also for self employment. The women in the village cooperated much and they were highly benefited.
