

DEPARTMENT OF CHEMISTRY

FIELD VISIT (2010-2011)

LAKSHMI SEVA SANGAM SIDDHA & AYURVEDA PHARMACY:

Objective:

As part of the curriculum, our students are required to undertake industrial visit to get exposure to the latest trends of industrial procedure and facilities. It also provide them an insight regarding internal working of companies, a practical perspective of the work place, an opportunity to learn practically through interaction, working methods and employment practices. Moreover Industrial visit is very important for a student who is pursuing UG or PG degree. In this regard, on 17.3.2011, our department of chemistry organized an industrial visit for our students.

Lakshmi Seva Sangam Siddha & Ayurveda Pharmacy:

Lakshmi Seva Sangam Siddha & Ayurveda Pharmacy is located in Dindigul, Tamil Nadu and is one of the leading sellers of products like Ayurvedic medicine, chayavanaprash, aswagandadhi etc. Gandhigram Lakshmi Seva Sangam is listed in Trade India's list of verified sellers offering supreme quality of products and service. It is a quality driven organization registered in 2012, offering a wide range of Ayurvedic medicine such as Aswagandhadi, Chavana Prasha Lehyam, Drakshadi Rasayanam, Agastiya Rasayanam, Bahusala Guda and Dasamoola Haritaki with effective & timely delivery.

I, II, III year UG students and 6 staff members of our department started from our college at 9.30 am by bus and reached Lakshmi Seva Sangam Siddha & Ayurveda Pharmacy, Gandhigram, Dindigul at 9.30 am. At first, we reported to the Manager in the factory premises. He addressed the students and explained about the history of that factory and nature of work taking place in the factory.

Then the Supervisor took us inside the factory and explained the preparation of Ayurvedic medicine such as Aswagandhadi, Chavana Prasha Lehyam, Drakshadi Rasayanam, Agastiya Rasayanam, Bahusala Guda and Dasamoola Haritaki. He also explained the collection of raw materials, processing of that materials into the final product and the methods used to get the final products by using machines and labours.

During this visit, our students interacted with the Supervisor about the processing of Ayurvedic medicines by the machines and the nature of work done by their workers in the factory. We thoroughly observed the preparation of Ayurvedic medicine with excitement.

Women Self Help Group, Gandhigram:

After finished our lunch at the canteen, we went to the shops run by Women Self Help Group, Gandhigram and some of our students and staff members bought the products sold by them. Then we left the factory at 3pm after thanking the Manger and the Supervisor of that factory. Then we reached our college safely at 4pm.

This industrial visit provided an excellent opportunity to interact with industrial people and know more about industrial environment. This visit was very useful for both the students and staff. This study trip was so interesting, educative and informative.
