

DEPARTMENT OF CHEMISTRY

FIELD VISIT (2019 - 2020)

INDUSTRIAL VISIT CUM AWARENESS PROGRAMME ON SELF-EMPLOYABILITY AND ENTREPRENEURSHIP

SIPCOT, District Industries Centre (DIC), Dindigul:

A batch of 120 students of our department along with 11 staff members visited SIPCOT, District Industries Centre (DIC), Dindigul on 6.9.2019. This visit was arranged for our students to get an exposure on making of spare parts for automobiles, milk processing, plastic pot making, making of lock and key and also to get awareness on self-employability and entrepreneurship.

At first, we reported to Mr. Annadurai, Section Officer, SIPCOT, District Industries Centre (DIC) in the industry premises. Then he directed us to meet Mrs. M. Jeya, Assistant Director, SIPCOT, District Industries Centre (DIC), Dindigul.

Mrs. M. Jeya, Assistant Director addressed the students and explained about the history of DIC, nature of work going on, in the industries of DIC, policies of Micro, Small & Medium Enterprises, New Entrepreneur-Cum-Enterprise Development Scheme (NEEDS), Unemployed Youth Employment Generation Programme (UYEGP), our state Government loan facilities available for new Entrepreneur especially for women and future expansion plans of the industry.

She also gave an extempore speech on self-employability and entrepreneurship for our students. During this session, our students were interacted with the Assistant Director very effectively about the Government loan schemes available for women entrepreneur, how to apply for those schemes to develop enterprises and finally they gave wonderful feedback to her.

Then the students were taken to the industries located in SIPCOT, DIC in two batches. During the visit, students gained practical knowledge about the handling of the raw materials and their characteristics and uses. The experience of visualizing the final product of automobile spare parts was mind blowing. In the assembly line, they observed how the principles of management are applied, obtained information about the production process, concentration of both men and women workers in their work and also the importance of team work.

Aavin Dairy factory, (DIC), Dindigul:

Then the students visited Aavin Dairy factory, there they gained knowledge over different types of milk processing and packaging using various machines. This proved really a great opportunity to witness the entire milk processing procedure.

In the plastic pot industry, the students were shown how to make plastic pot from the polymeric raw material. The entire demonstration of making of plastic pot was shown to the students. Finally we went to lock and key industry. There we observed the concentration of workers and the amazing facts about the locks and keys.

This industrial visit proved highly useful for the students in terms of practical knowledge about the industrial process, control, safety, team work and hard work. This visit was also helpful for them to find placement in such industries. All the students expressed their thanks to our Principal Mam and HOD mam for the opportunity given to visit industries and to attend the awareness programme.
